

## Blue Warmth Scarf

Skill level: easy

This was done out of a need to get rid of a super bulky chenille yarn. It's warm and soft yet simple. Whatever yarn you are trying to use up will go with this pattern with a few modifications for width.

Note: Whatever width you choose be sure each row starts and ends with K4.

Materials:

US13 (9mm) knitting needles

2 skeins Super bulky yarn ( I used Lion brand Chenille solid Thick n Quick yarn)

Large tapestry needle for weaving in ends

Cast on 22 stitches.

Row: K4, P2, K4 to the end of the row.

Repeat to desired length.

When reached desired length bind off in pattern then weave in ends with tapestry needle.

Abbreviations:

K - knit

P - Purl

Wanzy's
